TOTAL REBIRTH

"Wake up!"

*I was dreaming
I was lost in a desert
Going astray
I was so thirsty
And I felt so weak
My mouth was so dry
My throat was burning
And I thought I was going to die
I only wanted to find some water
Someone to give me water*

*"Wake up
And don't look back!"*

*Where am I now?
Who is the man
I seem to be?
Am I still dreaming
The dream of dreaming?*

*I'll live
I'll give
I'll try to be a light in the dark
I chose my part*

*I'm flying
I'm riding
On stardust
To the moon
Between the worlds
Between the lives*

*Am I still dreaming
The dream of dreaming?*

*Yes I'm dreaming
That I'm falling
Like rain
Into the world*

Now

NOT A SYMPHONY

*First you tried to capture me
Then you said you want to be free*

*First you spoke of love and faith
Then you said 'Let's go our separate ways'*

*So leave me and go your way
Believe me I know you'll pray
To get me back one day*

*You'll see that I won't die
You'll never see me cry
No, I'll survive
And I'll tell you why*

*A traitor is not a friend
And a pebble is not a diamond
And a desert is not the place to plant a rose
A pond is not a sea
And a noise is not a symphony
But my heart is full of tunes
And wants to compose*

*I will go on
Avoiding all the memories till they are gone*

*And I'll get out of my head
All the 'I love you's' that you always said*

*Though it's not easy I'll find
The strength to leave you behind
And banish you from my mind*

*Don't think that you broke my heart
No, I am strong and I'll start
A new life in which you'll play no part*

*'Cos a traitor is not a friend
And a pebble is not a diamond
And a desert is not the place to plant a rose
A pond is not a sea
And a noise is not a symphony
But my heart is full of tunes
And wants to compose
Compose...
Compose...*

*Your heart isn't ripe enough
And knows nothing about love
So I let you go
It doesn't hurt anymore
'Cos I know*

*A spark is not a fire
And one single voice is not a choir
But my heart is full of dreams
And wants to sing
But it can't*

*A traitor is not a friend
And a pebble is not a diamond
And a desert is not the place to plant a rose
A pond is not a sea
And a noise is not a symphony
But my heart is full of tunes
And wants to compose
Compose...
Compose...*

*Mmh...
Good-bye, my friend
Mmh...
Believe me, this is the*

end

RAINDROP BLUES

*Oh baby
It's cold here outside
Without you*

*Rain keeps falling down
Like tears from heaven
You've chased away your clown
Gone is the rhythm*

*And still I'm walking through the rain
I'm talking of the pain
Just to myself
Nothing can console me
There is no one
Only you can help
You, no one but you
Can stop the rain
And make me smile again*

*Love was just a game
And rules were broken
Nothing will remain
Only the unspoken*

*And still I'm walking through the rain
I'm talking of the pain
Just to myself
Nothing can console me
There is no one
Only you can help
You, no one but you
Can stop the rain
And make me smile again*

*I'm calling for you
Oh baby, I'm falling for you
Just like the rain*

*What can I do?
My heart's still burning
Oh babe, I feel so blue
Can't stop the yearning*

*And still I'm walking through the rain
I'm talking of the pain
Just to myself
Nothing can console me
There is no one
Only you can help
Yes you, no one but you
Can stop the rain
And make me smile again*

*Oh baby
When you hear this song
You will know
How much I miss you
I need you*

*I will keep on dreaming
I won't hide my feelings
There's no shame*

*I won't give up hoping
I'll just keep on walking
Through the pouring rain*

*So tell me where your love has gone
Just tell me whether all I've done
Has been in vain*

*And why can't I just come back home?
Why do I have to run alone
Here through the falling rain?*

*Oh babe, only you
Can stop this*

pain

LOVE WALKS HAND IN HAND WITH JOY

*Love walks hand in hand with joy
Love walks hand in hand with smiles
So try to smile
Inside your heart
And you'll light up the dark*

*Love walks hand in hand with hope
Love walks hand in hand with dreams
So dream your dream
Open your mind
And you will see
What you can find*

*Love is the home
Where all our feelings belong
With love I'm whole
With love I'm strong
Love is the light
That gives us passion and warmth
There is no strife within her arms*

*Love walks hand in hand with faith
Love walks hand in hand with trust
So give your trust
When love appears
Don't think you're lost
Drive out your fears*

*'Cos love's the home
Where all our feelings belong
With love I'm whole
With love I'm strong
Love is the light
That gives us passion and warmth
There is no strife within her arms
Within her arms*

*Just like a river to a sea
I flow to you unendingly
Love is my destiny
I let it flow
Out of my soul
I let it show
Without control
And you should know
That I'll be there for you
If you feel it, too*

*Love walks hand in hand with joy
Love walks hand in hand with smiles
Mmh...
Love walks hand in hand with smiles
So try to*

smile

ICH TRÄUME

*Es ist genug
So kann's nicht weitergehn
Die Gier nach Geld verschlingt die Welt
Ich seh' den Mensch am Abgrund stehn*

*Ich seh' Betrug
Egal wohin mein Blick auch schweift
Der Kampf um Macht und Reichtum schafft
Ein Chaos, das nach allem greift*

*Ich träume von einer bess'ren Welt
Ich träume von Menschen ohne Neid
Ich träume, dass uns ein Licht erhellt
Ich träume von Frieden ohne Leid*

*Es lockt der Schein
Die Menschen in sein Labyrinth
So viel geschieht
Die Seele sieht nicht mit dem Herzen
Ist sie blind?*

*Sagt mir, wie kann es sein
Dass wir einander Böses tun
Sind wir verlorn in Hass und Zorn?
Werden die Waffen niemals ruhn?*

*Ich träume von einer bess'ren Welt
Ich träume von Menschen ohne Neid
Ich träume, dass uns ein Licht erhellt
Ich träume von Frieden ohne Leid*

*Ich werd' mein Herz nie mehr verschließen
All meine Liebe lass ich fließen
Ich werde kämpfen für Gerechtigkeit
Ja, ich bin bereit*

*Denn ich träume von einer bess'ren Welt
Ich träume von Menschen ohne Neid
Ich träume, dass uns ein Licht erhellt
Ich träume von Frieden ohne Leid*

*Ich träume von einer neuen Welt
Ich träume von grenzenlosem Glück
Ich träume, dass Liebe uns erfüllt
Ich träume von einem hellen Licht
Ja, ich träume
Oh weckt mich bitte nicht!*

*Es ist genug
So kann's nicht weitergehn
Ich will nicht mehr nur im Traum
Die Welt vereint in Frieden*

sehn

CASSANDRA

*She saw the ships
Long before they came
A vision's spark
Growing to a flame
Burned inside her mind
Oh priestess of time
She revealed her dreams
Horrifying scenes
But our pride made us deaf and blind*

*Apollo! Sun Lord!
Apollo! Forgive us!*

*Cassandra
She lived in the future
And she also knew our fate
Cassandra
She saw what would happen
But she, too, could not escape*

*We laughed at her
Accused her of telling lies
While the fires
Burned inside her eyes*

*The ships arrived
Signs of war and force
And insidiousness
Built a wooden horse
We let it come in
Let the vision win
'Cos the gift they sent
Was a firebrand
A blow we could not prevent*

*Apollo! Sun Lord!
Apollo! Forgive us!*

*Cassandra
She lived in the future
And she also knew our fate
Cassandra
She saw what would happen
But she, too, could not escape*

*We laughed at her
Accused her of telling lies
While the fires
Burned inside her eyes*

*Sail away, Cassandra
You can't stay
Troy is destroyed
All its laws are void*

*Tell the history
Of Troy's destiny
Tell it to the winds
Tell it to the sea*

*Tell of peace and war
Tell of what you saw
Tell of Troy's fall
Go and tell it all!*

*Burnt out is your home
By a firestorm
Drowned deep in a flood
Of your people's blood*

*She knew how to spin
The threads of time
And in her dreams
She received the signs
She saw the fire
Long before it burned
We called her a liar
We did not believe
But we learned...*

*Cassandra! Forgive us!
Cassandra!*

Forgive us!

DON'T LOOK BACK

Instrumental

QUIET SEA

*The sun is slowly sinking down
The sea is calm and oh so quiet
The day's preparing now to drown
Drown in the deep
Even the wind seems to be tired*

*But who's the man
Sitting so lonely on the shore?
Is he just dreaming
Or is his heart aching and sore?*

*Oh yes, he knows that love is not an endless sea
And sometimes love can end so suddenly
'Cos love is free
So free*

*The memories are coming up like fins
Do they belong to dolphins or to sharks
And when they fight who wins?*

The night keeps closing in...

*There is a dream inside of me
Keeping me far away from sleep
That I could melt into the sea
To find a place, a feeling infinitely deep*

*Just like the sun I'd like to drown and lose control
I'd like to sink in those illusions that you stole*

*Oh yes, I know that love's not endless as the sea
And sometimes love can fade so easily
Now you are free
So free*

*The sun is dying now, the sea is quiet
The day's now falling asleep
Even the wind is oh so tired*

My heart welcomes the

night

INSANE

(MURDERERS' PARADISE)

*They found my sweet little girl
Staring at the sky
Around her the trees
Were humming a strange silent why
Her face frozen to a cry*

*Oh my cold little child
Tell me what he said
What did he promise you?
Didn't I tell you oh so many times
Never, no never ever to follow a stranger?
I can imagine your eyes
Curious and innocent, knowing no lies*

*God, I'll kill him
God, I'll fill him
Full of lead
I'll shoot him dead
Oh God, I want to forgive
But I just can't live
With all the hate and the pain
Tell me, am I insane?*

*Forgotten my sweet little child
Forgotten her pains
He is the star
He's the victim - can you believe it?
And oh so incredibly sacred are his rights
Eight years are the prize
Eight years for my sweet angel's life*

*Oh Germany my home
Murderers' paradise
Where is my child?
Tell me where is her smile
And who knows the fright of a soul
Looking into the merciless face
Into the mask of violence and death
He stole her future, her breath*

*God, I'll kill him
God, I'll fill him
Full of lead
I'll shoot him dead
Oh God, I want to forgive
But I just can't live
With all the hate and the pain
Tell me, am I insane?*

*God, I'll get him
God, I'll make him bleed
This lead is for his head
No, I don't want to forgive
No, I don't want to live
With all the hate and the pain
Tell me, who is insane?*

Now feel the hate and pain!

*Look into my eyes!
Look into my*

eyes!

SINCE YOU ARE GONE

Duet with Joy Fleming

*Love took us in her arms
We felt her rhythm and fell for her charms*

*Love opened wide her door
We thought it would last for evermore*

*Both of us made mistakes
Why do we test a heart till it breaks?*

*Our hearts were growing blind
Misunderstandings confused the mind*

*Since you are gone
My heart's a desert
There are no flowers that bloom*

*And I am drawn
To songs of sadness
And to those places that are surrounded by gloom*

*Since you are gone
I try to find my way alone
But since you're gone
My heart's so heavy, like a stone
I can't go on
Because I miss you like the nights miss the sun
So please come home
Because I'm dying
Since you're gone*

*I tried to fight for you
But fighting wasn't the right thing to do*

*You tried to corner me
But love's a power that wants to be free*

*I tried to understand
How you could run from the future we'd planned*

*My heart was veiled by dust
Torn between freedom and love I was lost*

*Since you are gone
My heart's a castle
Deserted, left to decay*

*Lashed by a storm
The walls are swaying
The roaring winds carry the towers away*

*Since you are gone
I try to find my way alone
But since you're gone
My heart's so heavy, like a stone
I can't go on
Because I miss you like the nights miss the sun
So please come home
Because I'm dying
Since you're gone*

*How could we ever
Let this discord come between us?
How could our feelings
Change our love into this chaos?
I'd risk my life
To turn back time
And to get a second chance
So hear me calling
See me reaching out my hands
Take my hands*

*Since you are gone
I try to find my way alone
But since you're gone
My heart's so heavy, like a stone
I can't go on
Because I miss you like the nights miss the sun
So please come home
Because I'm dying
Since you're gone
So please come home
Because I'm dying
Since you're*

gone

LOVE IS DYING

(VIRTUAL PARADISE)

*The angels are in mourning
They veil their wings
With dull black silk
Woven from their tears
Dyed with their fears*

*They're watching us
Lose ourselves within a world
Of bits and bytes
A virtual realm
Our new paradise
Built on promises and lies*

*Hear the angels crying
They say that love is dying
Hear the angels' call
They're trying to wake us all*

*People search
For instant fun
Our gentle god
We're drawn into
His cold neon sun
All our barriers are gone*

*Hear the angels crying
They say that love is dying
Hear the angels' call
They're trying to wake us all*

*We're dancing round
The golden calf
Not hearing the sound
Of Satan's laugh*

*We are so cool
We are so smart
We break each rule
We break each heart*

*God help us all!
We are selling our souls*

*Hear the angels crying
They say that love is dying
See the angels fall
They fall to save us all*

*They're falling
They're falling*

For us

HYMNE AN DIE ERDE

*Die Uhr schlägt zwölf
Kein Gott, der hilft
Die Welt hat sich in Schwarz gehüllt*

*Sie klagt ihr Leid
Sie windet sich, trotz und weint
Und spricht zu uns, zu ihrem Feind*

*In ihrer Tränen Strom
Fließt auch der Menschen Hohn
Was muss geschehn
Bis die Zeichen wir sehn?*

*Denn es ist Zeit zu erkennen
Es ist Zeit zu entbrennen
Für den Schutz dieser Erde
Die uns Schutz stets gewährte
Die uns schenkt so viel Leben
Stets uns Brot hat gegeben
Und wir schufen ihr Wunden
Schenkten Gift ihr und Bomben
Es ist aus
Hört den Wahnsinn jetzt auf!*

*Oh Mr. President
Der ihren Schmerz nicht kennt
Die Frist läuft aus, die Erde brennt*

*Sie schmilzt und tobt im Sturm
Sie schreit und zeigt bebend uns ihren Zorn
Doch noch sind wir nicht ganz verlor'n*

*Ist die Gefahr erkannt
Liegt es in unsrer Hand
Worte allein
Können Retter nicht sein*

*Denn es ist Zeit zu erkennen
Es ist Zeit zu entbrennen
Für die Heilung der Erde
Die zu teilen uns lehrte
Die uns spendet das Leben
Stets uns Brot hat gegeben
Und wir schaffen ihr Wunden
Schenken Gift ihr und Bomben
Sagt mir wann
Sagt mir, wann hört es auf*

*Schau sie dir an, die Welt
Wie sie funkelt im All
Die uns alle erhält
Singt mit jubelndem Schall
Singt ein Lied für sie
Das die Herzen bewegt
Und zu Taten sie drängt
Unsre Heimat ist dieser blaue Planet
Ihn besingt!*

*Schau sie dir an, die Welt
Wie sie leuchtet im All
Die uns alle erhält
Singt mit jubelndem Schall
Singt ein Loblied
Das alle Herzen bewegt
Und zum Handeln sie zwingt
Für die Erde nun eure Stimme erhebt
Kommt und singt!*

*Seht nur, wie schön sie ist
Wie wunderschön sie ist
Sie erfüllt mich mit Staunen
Und mit Liebe
Mutter Erde
Du strahlst voller Liebe*

Verzeih

THE DREAM OF DREAMING

*I cannot move
I cannot speak
My eyes are closed
And yet I can see
I see them mourn
I hear them weep
While I'm alone
Locked up beneath their feet*

*My feet are stiff
So cramped this box
I want to scream
I want to knock
But I'm so tired
I just want to sleep
And dream the dream of dreaming*

*No, I don't want to sleep
I want to live
I want to breathe
I want to give
I want to share all the pain
I want to share all the joy
I want to feel life
I want to laugh and to cry
Want to reveal
The feelings I used to hide
The love I kept locked inside
I'll show it
Yes, I will try*

*Now I see myself
Living my life
Walking my path
Through peace and strife
My way to death*

*Searching for love
Yearning for truth
Trying to win
Learning to lose
Oh I'm so tired
I just want to sleep
And dream the dream of dreaming*

*I hear my name
There is a light
Someone is calling me
Is it the dreamer's guide?
I feel I should follow
But still I hesitate
I can't let go
My life, my fate*

*Oh let me live
Oh let me breathe
Oh let me give
I want to share all the pain
I want to share all the joy
I want to feel life
I want to laugh and to cry
Want to reveal
The feelings I used to hide
The love I kept locked inside
I'll show it
Yes, I will try*

*But I'm so tired
Just want to sleep
Want to forget
The pain and joy
The life I led
So I let myself fall
Fall asleep
To dream the dream of*

dreaming

*Oh Baby
Es ist kalt hier draußen
Ohne Dich*

*Regen fällt herab
Wie Himmelstränen
Die Königin ist satt
Der Clown muss gehen*

*So zieh' ich weiter durch den Regen
Fühle Deinetwegen
Nichts als Schmerz
Niemand kann mich retten
Nichts zerbricht die Ketten
Nur Dein Herz
Du, nur Du allein
Weißt, was ich fühl'
Nur Du kannst mich befrei'n*

*Jeder Augenblick
War nichts als Lüge
So sag, was bleibt zurück
Von Deiner Liebe*

*Und ich geh' weiter durch den Regen
Fühle Deinetwegen
Nichts als Schmerz
Niemand kann mich retten
Nichts zerbricht die Ketten
Nur Dein Herz
Du, nur Du allein
Weißt, was ich will
Nur Du kannst mich befrei'n*

*Ich rufe nach Dir
Oh Baby, ich suche nach Dir*

*Doch Du bleibst stumm
Was ich auch tu'
Willst nichts mehr hören
Doch ich find' keine Ruh
Will Dich nur spüren*

REGENTROPFENBLUES

*So zieh' ich weiter durch den Regen
Fühle Deinetwegen
Nichts als Schmerz
Niemand kann mich retten
Niemand sprengt die Ketten
Kaltes Herz
Oh Du, nur Du allein
Bist, was ich brauch'
Oh lass mich bei Dir sein*

*Oh Baby
Wenn Du diesen Song hörst
Weißt Du, wie sehr Du mir fehlst
Ich brauch' Dich*

*Ich werd' weiter träumen
Werde nichts bereuen
Es war schön
Ich werd' Dich weiter lieben
Alles Dir vergeben
Du wirst sehn*

*War es für Dich nur ein Spiel?
So sag mir, wo ist das Gefühl
Ich will's verstehn*

*Sag, wie kann es möglich sein
Und warum muss ich ganz allein
Hier durch den Regen gehn*

*Nur Du
Du nur allein
Kannst mich*

befrei'n
